

Spy Pond Committee

Date: Tuesday, February 4, 2020

Time: 7:30pm

Location: Town Hall Lyons Hearing Room (2nd floor)

Minutes

Attendance: *Brad Barber, Bill Eykamp, Judith Berman, Brian Battuello, Jane Howard, Cheryl Miller, Stroker Rogovin, Steve Ricci and Agnes O'Donnell*

Facilitator: Brad Barber

Minutes: Brian Battuello

1. January minutes approved
2. General discussion of management of Spy Pond.
Do we need a monthly survey to monitor the health of Spy Pond (perhaps an academic project)?
3. Fertilizer Flyer for 2020
All changes made, will go out in March
4. Facebook Page
Has been up 30 days with 29 followers. More pictures will be added. A link to Bob Sprague's page will be added.
5. Trails Day
Appalachian Mountain Club is onboard. No new plantings this year because of sandbar work. Some of last year's plants died, a postmortem will be done. Discussion of how to manage watering of new plants.
6. Storm drain markers
Brad Barber surveyed markers from around Spy Pond and other towns. He found one marker in good condition from our 2002 project. Most of the markers were removed, others had serious water damage. Stainless steel markers from Almetek may be better than the plastic ones that we used.
7. New Business
Discussion of article sent by Cheryl about lake management.
Water level remains low due to work delays on the platform overlooking Spy Pond.

Adjournment at 9:00pm
